Organised by the D2N2 Public Service Compact, 'The Big Event' aims to promote the public sector as an employer of choice for people who are considering a career move or a new career and have not previously considered working in the public sector.

It is expected that most of the attendees will be young people and their families. The event will be of interest to those in their final year at school or in further education.

## Event format

The afternoon event will be held at Mansfield Central Library. Delegates can pre-register using Eventbrite - search The Big Event.

A key note speaker will deliver an address at 2pm to provide some context to the event.

The event will be supported by representatives from the training provider network, public sector employers in the D2N2 area and the trade unions providing face-to-face information to delegates through a series of interactive stalls.

## Register your interest to attend The Big Event
